Chapter 538 When the Flame Goes Out

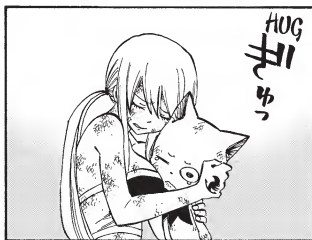

**STORY
THUS
FAR.**

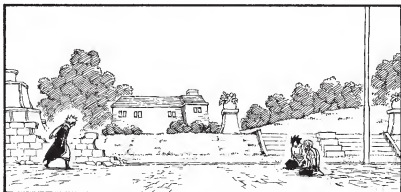

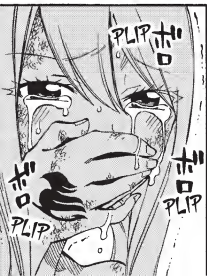

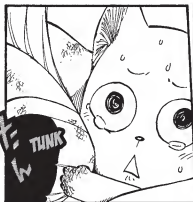

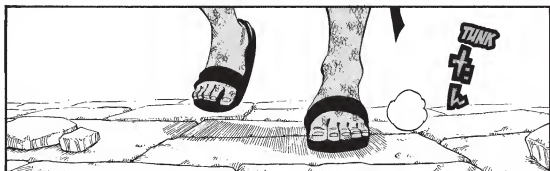

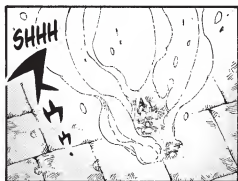

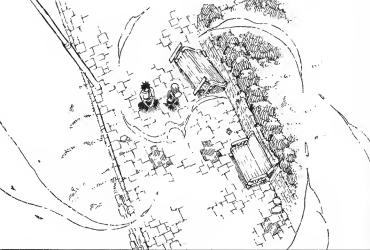

The battle for tomorrow finally reached its climax...when Natsu hit Zeref with a flame overflowing with savage emotions, taking him out! Then Mavis stepped in and used the curse of contradiction and the uniting magic of love to overcome Zeref's immortality, and the couple passed away together. And so far, Natsu has not fully recovered. Can Lucy save him before succumbing to demonic influence herself...?!

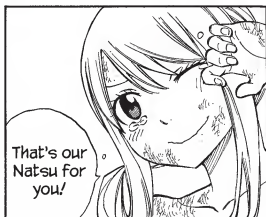

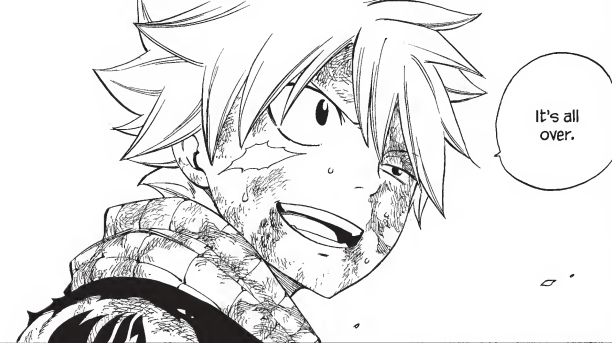

She altered a demonic tome. I figured that might be dangerous...

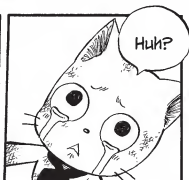

I don't think
the first master

The
first
master...

.....

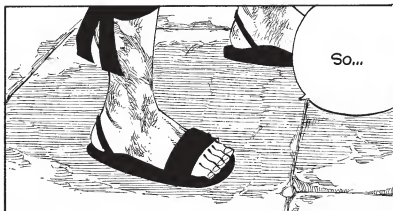

Huh?

I don't know how
I know this, but
I'm pretty sure the
first master wanted
things to end this
way...

But
you know...
I don't think
she'd want us
to get too sad
about it.

!

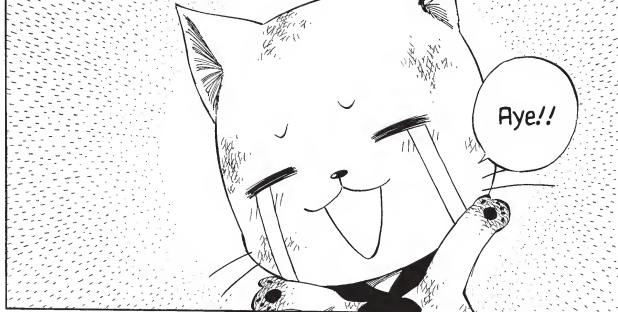

So...

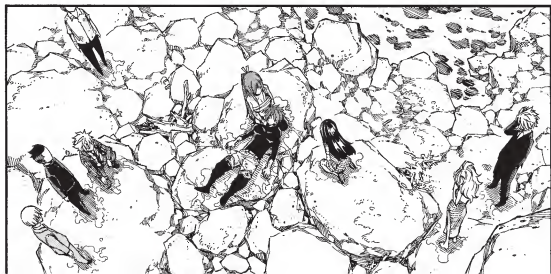

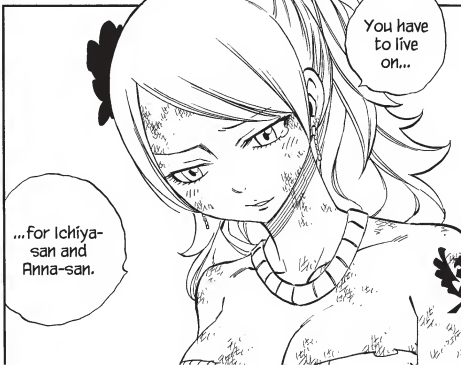

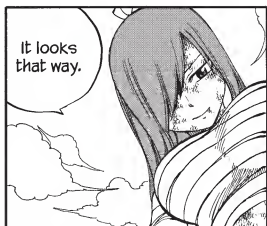

Is that right...?

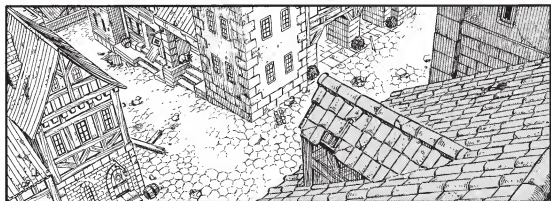

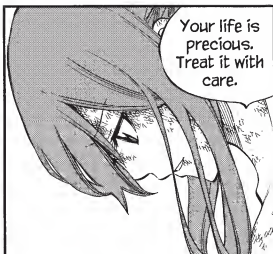

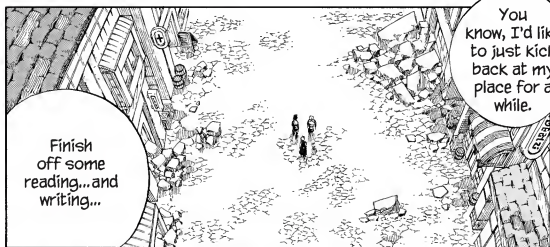

...let's go
into the guild
with smiles
on our
faces!!!
